HARYANA

PROJECTS

MY PORTFOLIO

By learning HTML to structure the content , CSS to style layout and design and Javascript to add the the interactivity and animations were used to make a dynamic and engaging portfolio

RESTO WEBSITE

Applying HTML , CSS , JAVASCRIPT and high quality images to make a web page of a restuarant website which is very impressing to viewers.

WORK EXPERIENCE

2022

VIRAL FISSION , VERZEO

During this period I learnt how to spread awareness about brands in your social media , how to gather a large number of students at a single platform and letting them know about different courses. I learnt how to maintain leadership qualities.

2023

TXON

I have been working as a front end developer in Txon in the month of January . Here I have been learning and practising on projects like calculator, todo list, portfolio , landing page .

2023

OASIS INFOBYTE

I have been working as a front end developer in Oasis Infobyte in the month of February. Here I have been learning and practising on projects like calculator, todo list, tribute page.
